Template Tags/comments popup script

Description

Outputs the [JavaScript](#) code for a comments popup window. Used in tandem with [comments_popup_link\(\)](#), this tag can be used anywhere within a template, though is typically placed within the <head> portion of a page.

Usage

```
<?php comments_popup_script(width, height); ?>
```

Example

Sets the popup window's width to 400 pixels, and height to 500 pixels.

```
<?php comments_popup_script(400, 500); ?>
```

Parameters

width

(*integer*) The width of the popup window. Defaults to 400 (pixels).

height

(*integer*) The height of the popup window. Defaults to 400 (pixels).
